

WEAR PARTS REPLACEMENT KITS

blademaster
THE CUTTING EDGE

Con Mech's range of blademaster Wear Parts Replacement Kits includes all the edges, blades, end plates and fixings needed to refurbish many of the most popular buckets in the UK market.

The new range offers the convenience of a one stop replacement & refurbishment solution for CAT, Volvo & Komatsu Wheeled Loaders and CAT & Komatsu Dozers.

- Each Kit can be conveniently ordered using a single Kit Reference Number.
- Available from stock on short lead times.
- The Range covers the most popular models of Wheeled Loaders & Dozers in the UK market.
 - Caterpillar 950, 962, 966, 972 & 980 Wheeled Loaders and D5 & D6 Dozers.
 - Volvo L90E, L110E, L120E, L150E, L180E & L220E Wheeled Loaders.
 - Komatsu WA380, 450, 470 & 500 Wheeled Loaders and D65 PX-16 Dozer.
- The blademaster brand gives users the confidence of a proven high quality product which meets or exceeds OEM specifications.

All edges are manufactured in house, in our specialist heat treatment & quenching facility.

We are one of the first companies in our industry to achieve the very latest ISO9001 2015 standard.

**LIFETIME WARRANTY AGAINST
BREAKAGE**
